Just attended the wedding of Kate and Tom.

Brympton House is a great location with a good range of rooms/facilities - loved the great hall, gardens, dining room and stables bar. The styling was fab - with lovely centrepieces on the tables and candles on the windowsills. The best bit was the stables bar - away from the main house, but not too far which was good for either socialising or dancing (you could do both with ease).

All in all the day couldn't have been better!!

Best bits for me were the exceptional dining service and the amazing stables where everyone had a good time! The bedrooms in the main house are also worth noting - extremely clean with very comfortable beds

The styling of the venue through tie the knot was excellent; we enjoyed the classic, simple style in keeping with the house and the food was excellent. We loved the stables bar and the evening meal service of the cheese cake was a nice touch. All in all a brilliant, wonderful day. Thank you for a wonderful day.

We love everything about Brympton house; the place is beautiful with an impeccable styling team. The food on our day was amazing (thanks to Dine with Style) and absolutely exceeded our expectations. I would recommend the combo (smoked salmon starter, venison wellington, tarte au citron). Overall our day was completely perfect and couldn't have gone better. I must just mention the evening reception in the stables as well; it was a perfect size for our crowd (140) and so well presented. The lighting was wonderful as were the acoustics and the burgers cooked by Streetfeast went down a treat!!

We liked everything about Brympton house. It is a truly lovely house with a lovely garden and great atmosphere with great rooms and friendly staff. The food was great with good service. Our duck was amazing and we loved the popping candy on the apple and raspberry crumble. We loved it so much we wrote this poem about our stay/day (thanks to Katie Peery)!!

Do you ever feel like a plastic bag, drifting through the wind, wanting to start again, do you ever feel so paper thin, like a house of cards one blow from caving in?

Do you ever feel, already very deep, six foot under? Screams but no one hears a thing. Do you know that there's still a chance for you; cause there's a spark for you?

You just gotta ignite the light and let Brympton's star shine

Cause Brympton you're a firework. Come on, let your star burst. Make em go 'lush lush lush' as you shoot across the sky-yy
